This document is proprietary and confidential to Aurea and is available only under a valid non-disclosure agreement. No part of this document may be disclosed in any manner to a third party without the prior written consent of Aurea. The information in these materials is for informational purposes only and Aurea assumes no responsibility for any errors that may appear therein. Aurea reserves the right to revise this information and to make changes from time to time to the content hereof without obligation of Aurea to notify any person of such revisions or changes.

You are hereby placed on notice that the software, its related technology and services may be covered by one or more United States (“US”) and non-US patents. A listing that associates patented and patent-pending products included in the software, software updates, their related technology and services with one or more patent numbers is available for you and the general public’s access at <https://markings.ip-dynamics.ai/esw/> (the “Patent Notice”) without charge. The association of products-to-patent numbers at the Patent Notice may not be an exclusive listing of associations, and other unlisted patents or pending patents may also be associated with the products. Likewise, the patents or pending patents may also be associated with unlisted products. You agree to regularly review the products-to-patent number(s) association at the Patent Notice to check for updates.

### Using Google Drive storage in groups

If your administrator has connected your community to a Google Drive storage site, you can take advantage of file storage and synchronization with Drive for groups where this is enabled. When a user uploads a document, it's stored in Google Drive instead of the regularly configured binary storage location. Files are automatically synchronized in both directions.

*You can manage your uploaded files via Google Drive from Jive.*
